Know BANGALORE

A fast growing metropolis, the garden city of Bangalore is the capital of the southern Indian state of Karnataka. Situated at about 1000 meters above sea level, it is known for its salubrious climate where temperatures remain moderate through out the year. The maximum temperature in May - June is around 32°C and the minimum around 22°C. It is connected by air, rail and road to all major cities of the country and has direct international connections to many cities worldwide. It is also called capital of Information technology and Bio technology.

The clean and spacious city of Bangalore has many imposing structures full of historic and modern architecture. The majestic Vidhana Soudha, a magnificent post-independence structure housing the State legislature and Secretariat, stands in the center of the city with its attractive dome and galleries. It is sheer delight to see the illuminated Soudha during nights on Sundays and Holidays
